

Application for 2014-2015 Featured Artist Fellowship

Women in Architecture is a knowledge community of AIA Greenville, SC advocating for women in architecture, allied design and building professions to create, support and encourage diverse leadership in education, practice and community through networking, allies, events and mentoring. By pairing experienced professionals with those just starting out or searching for a path, Women in Architecture provides an informal transmission of knowledge, social capital and support as relevant to student, career and professional development. We encourage the participation of all ages and perspectives in our outreach to students, interns and young professionals; one such outreach supports a college student as a Featured Artist to create personal gifts for each of our speakers throughout the year.

As the 2014-2015 WIA Featured Artist, you will have the opportunity to produce two pieces of work in your style and medium for WIA's guest speakers. The first event is a WIA evening event in October of this year and the second speaker will present in March 2015. The second event will occur during the AIA Greenville Membership Meeting, which is a lunch time event. As part of the fellowship, we hope that you will attend both events to present your piece to the speaker.

WIA meetings occur once a month. You will not be required to attend every meeting, but process and progress will need to be shared and approved throughout the year for each piece. Examples include but are not limited to photography, woodworking, metal working, jewelry, paper arts, ceramics, glass...etc.

Benefits include: Monetary compensation of \$200.00 per gift, resume builder, recognition and exposure in Greenville, an opportunity to network, and recognized as Feature Artist within the mentorship program on the WIA's website for a year with artist bio. (Plus, have fun doing what you love!)

Thank you,

Lindsay Woods
2014 WIA Vice Chair
